

WATERFIRE PROVIDENCE

-CREATIVELY TRANSFORMING OUR CITY

June 6, 2013

Precast Outdoor Fireplaces
215 Bedford Street
East Bridgewater, MA 02333

Dear Charlie,

Thank you for supporting WaterFire by donating to our first ever online auction. Together, we have created an inspiring work of art that builds our community and nourishes our city. Your recent donation of a Deluxe Firepit by Precast Outdoor Fireplaces valued at \$400 on June 1, 2013 has helped us to keep the river alight and our fires burning bright.

In 2013, we have even more events that will spark the imaginations and creativity of our community. Gaspee Day will celebrate Rhode Island's important part in the American Revolution. Our new initiative, Ignite Providence, will create showcase even more music and events that will activate new locations in downtown Providence. Then, the US-China Institute will make the fires even more spectacular by releasing dragons into the burning river. With all these incredible events, and so many more in the works, we hope that you will stay tuned and continue to support us as we venture into our 18th season.

WaterFire is a registered 501(c)3 non-profit and generous donations like yours allow us to keep the river aglow. Thank you for making it all possible. The burning fires, enchanting music, and electric atmosphere are only made possible through your phenomenal support. With your help we are able to engage our community, showcase Providence, and create awe-inspiring artwork. Together, we will make the 2013 WaterFire season even more incredible.

Thank you again for your donation and all of your help – WaterFire would not be the same without you. Together, we are creating a stronger community to live, work, and visit. See you on the river!

All the best,

Dana DiMarco
Director of Philanthropy
